

Real world complete system testing to verify how your system actually performs in comparison to the design criteria, eliminating warranty issues and improving reliability.

EQUIPMENT

- ▶ Transformers
- ▶ Distribution Switchgear
- ▶ High Pressure Contact Switches
- ▶ Protective Relays
- ▶ Automatic Transfer Switches
- ▶ Motor Operated Air Breaks / Disconnects
- ▶ Ground Grid Systems
- ▶ Paralleling Switchgear
- ▶ Emergency Power Systems
- ▶ Voltage Regulators
- ▶ Station / UPS Batteries
- ▶ Circuit Breakers / Switchers / Isolation Switches
- ▶ Lightning Arrestors
- ▶ Capacitor Banks
- ▶ Metering Equipment
- ▶ Motor Starters / VFD's
- ▶ Control & Communication Cable
- ▶ Low / Medium / High Voltage Cable

TESTING SERVICES

- ▶ Power Factor
- ▶ SF⁶ Gas Service
- ▶ Transformers (kVA -MVA)
- ▶ MV - HV Cables
- ▶ Control Systems
- ▶ Recloser
- ▶ Grounding Systems
- ▶ DC Battery Services
- ▶ Circuit Breakers (All voltage classes)
